Dear Rory Griffith:

Thank you for undertaking the 2020 Composition Review of The Municipal Employees' Pension Commission. I appreciate your efforts and your subsequent report.

Your report contains three recommendations for consideration; one of which is addressed to the Government of Saskatchewan. The remaining two recommendations are not something for the Government of Saskatchewan to deliberate and as such, I have instructed the Public Employees Benefits Agency to address these recommendations with the appropriate stakeholders for their consideration.

For the recommendation applicable to the Government of Saskatchewan, I accept the recommendation to maintain the Commission with its current composition of 12 members.

A full copy of your report will be made available on the Municipal Employees' Pension Plan's website and again, thank you for your work on this matter.

Sincerely,

A handwritten signature in blue ink that reads "Donna Harpauer".
